STINGRAY® Boats

LEGENDARY PERFORMANCE. UNSURPASSED SINCE 1979.

2027

HERITAGE IN MOTION

STINGRAY Boats
Legendary performance, Unsurpassed Since 1979.

Building better boats since 1979.

Stingray began with two molds, a small crew of skilled craftsmen, and one shared passion: building boats that perform beautifully. That passion still drives us today. Boatbuilding isn't just our business, it's who we are. We build lifelong memories, one boat at a time.

As a privately owned, family-run company, we focus on quality over quantity. Our customers know they're getting the most boat for the best price, a promise that has earned us generations of loyal Stingray owners. Their trust continues to inspire our commitment to create remarkable boats for years to come.

We understand that your time on the water is precious. That's why we combine our heritage of performance with today's innovations to deliver boats that maximize both value and enjoyment. Since 1979, Stingray has stood for quality and legendary performance, a tradition that remains unmatched.

ENVIRONMENTALLY RESPONSIBLE

Technology leadership at Stingray comes with a responsibility: to protect the waters we love. Environmental stewardship is built into our process: not as a trend, but as a daily commitment. Stingray owners can enjoy the water knowing their boat helps protect it.

USE OF FOUR-CYCLE ENGINES: The cleanest, most fuel-efficient marine engines available; up to 4–10x cleaner than two-cycle outboards.

OZONE-FRIENDLY FLOTATION FOAM: EPA-approved flotation foam free of ozone-depleting chemicals.

LOW VOC GELCOATS AND RESINS: In 1999, Stingray became the only U.S. boat manufacturer to convert its entire lineup to low-styrene resins and gelcoats, cutting emissions per boat by 30%.

WASTE REDUCTION / RECYCLING: From cardboard and composites to aluminum and pallets, we recycle thousands of pounds of materials annually.

COMMITTED: We want Stingray owners not only to have fun on the water but also to know that they are helping protect the environment at the same time.

FINANCIALLY SOLID

With Dun & Bradstreet's highest credit rating, Stingray is one of the most financially stable builders in the industry, ensuring reliable support for our dealers and customers.

VALUE & QUALITY-FOCUSED

As a founding member of the American Boatbuilders Association, Stingray collaborates with leading brands to source premium materials at the best possible value. It's one more assurance that your Stingray is built to a higher standard.

Z-PLANE HULL DESIGN

Stingray's CAD-designed Z-Plane hull delivers up to 30% greater efficiency than traditional designs. Unlike add-on lifting strakes, Z-Planes create clean, bubble-free water flow for superior propeller bite, sharper cornering, and quicker planing. Extending beneath the swim platform, this advanced engineering delivers faster hole shots, industry-leading top speeds, and smooth, confident handling at every pace.

TECHNOLOGY DRIVEN

The patented Z-Plane Hull sets Stingray apart, delivering up to 30% greater efficiency than traditional hull designs. Its unique planing surfaces improve lift, reduce drag, and provide exceptional handling, quicker acceleration, and industry-leading top speeds. For over four decades, Stingray has invested in advanced technologies that elevate precision and performance:

COMPUTER-AIDED DESIGN: Every Stingray begins as a 3D model for perfect fit, comfort, and ergonomics.

MULTI-AXIS 3D MILLING MACHINE: Full-size molds created within hours, cut with unmatched accuracy.

ROBOTIC LAMINATION FACILITY: A custom overhead rail system streamlines lamination, boosts safety, and ensures consistent quality.

WATER JET CUTTING MACHINES: Ultra-precise cutting for materials from vinyl to fiberglass.

CNC ROUTERS: Computer-controlled routing delivers repeatable, high-quality parts with minimal waste.

Precision engineering is at the heart of every Stingray.

CE CERTIFIED FOR INTERNATIONAL MARKETS

NMMA & USCG CERTIFIED FOR STRICT SAFETY STANDARDS

CSI AWARD FOR EXCELLENCE IN CUSTOMER SATISFACTION

WARRANTY

Every Stingray boat is backed by comprehensive coverage for peace of mind.

LIMITED LIFETIME STRUCTURAL HULL WARRANTY (TRANSFERABLE FOR UP TO 5 YEARS)

DECK BOAT

FUN TO DRIVE

The 19 SC Deck Boat - you won't believe this boat until you take it for a test drive. Not only is it just plain fun to drive, but it's also almost effortless. Seasoned boaters and first-time boaters alike remark at how easy and fun the 19 SC is when they try it out for the first time. In addition to its fun factor, the 19 SC is loaded with storage, has plenty of room for all your passengers, water toys, and supplies, and it proves to be very functional. Seating is abundant. The stern area features wrap-around seating for your passengers to stretch out and enjoy the ride. Opposite the captain's chair is a rear-facing lounge so your co-captain can keep an eye on your tubers and wakeboarders. See your local dealer today to reserve your 19 SC. You don't want to miss out on the fun!

22 SC
DECK BOAT

A BREATH OF FRESH AIR

Bring the kids, bring the friends, bring the tubes! The 22 SC, Stingray's largest deck boat at just under 22 feet, is a breath of fresh air to the deck boat marketplace. In true deck boat style, the spacious layout is maximized with an open design. The onboard changing room can double as a head compartment with the addition of the optional porta potti. Hidden storage in the side-entry steps, beneath the seats, and below the cockpit floor provides plenty of room to store the necessities, leaving more room in the cockpit for friends and family. The service-friendly outboard combined with the full fiberglass floor liner makes any type of maintenance a breeze. The 22 SC's superb handling and smooth ride will make every person in the boat want to take their turn at the wheel. Let's go boating!

THE MODEL YOU'VE BEEN WAITING FOR

Our 17 CC center console is an exciting model built with our revolutionary Z-Plane hull ideal for all of your on the water adventures. There's plenty of room for crew and gear onboard, including a cooler/storage box with overboard drain, under-seat bow storage, and an aerated livewell aft. At the helm, there's a wide leaning post with comfortable seating, a 12V plug and dual USB ports at the dash, power trim and tilt, and a deluxe stainless steel steering wheel. The 17 CC also has SS rod holders, aft ladder, pull-up cleats and optional ski tow cage. And for assistance with storage, the windshield is completely removable.

SPECIFICATIONS

LENGTH OVERALL	17'3" / 5.3 m

20 CC
CENTER CONSOLE

ENJOY A DAY OUT WITH THE FAMILY

The 20 CC is a center console fishing boat and family boat rolled into one, built on Stingray's exclusive Z-Plane hull. For anglers, it comes standard with an 800 gph aft livewell, stainless steel rod holders with drains, a trolling motor harness and a leaning post at the helm, with a clean dash ready for Garmin or Simrad electronics. Add the optional secondary rear livewell, bow fishing seat and raw water washdown to make it a serious fishing machine. For the family, removable bow cushions, a cooler/storage box with overboard drain and seating for nine make it easy to spend the whole day on the water, and the self-bailing cockpit makes clean-up a breeze. An optional canvas T-top or bimini top keeps everyone out of the sun.

SPECIFICATIONS

LENGTH OVERALL	20'3" / 6.2 m
BEAM	102"" / 259.1 cm
USABLE FUEL CAPACITY	40 gal / 151 L

CENTER CONSOLE

SOMETHING FOR EVERYONE

Whether fisherman or family, this boat offers a little something for everyone, delivering hybrid capability that adapts to any day on the water. Let's start with the anglers. The first thing you will notice is all the rod holders twelve are standard, not including the molded-in rod storage in the gunnels. Add the optional canvas T-top and you get eight more. The bow cushions can be removed and the rear seats folded down to serve as bow and stern casting platforms. A fishing seat with base is available in the optional Fishing Package. At the helm is a leaning post, 74-quart Engel cooler, real tempered glass windshield, and a large flat space for Garmin or Simrad electronics. A 14-gallon stern live well is standard, and the front bow cooler can be upgraded to a second live well. The optional Fishing Package adds a trolling motor harness, raw water wash-down and recirculating/aerated rear livewell. The wash-down, along with a self-bailing cockpit and optional Seagrass flooring, makes cleanup a breeze at the end of the day ideal for switching from fishing mode to family cruising.

SPECIFICATIONS

LENGTH OVERALL	21'8" / 6.6 m
BEAM	101" / 256.5 cm
USABLE FUEL CAPACITY	50 gal / 189 L
LIVEWELL CAPACITY	14+17 gal / 53+64 L
DRY WEIGHT	3,150 lb / 200 hp Engine

24HY (CC)
CENTER CONSOLE

READY FOR SERIOUS FISHING

While the 24HY (CC) is designed for use as a coastal fishing boat, it's really a multi-purpose boat showcasing its hybrid ability to balance performance and comfort. Most noticeable, as you approach the 24HY (CC), is the leaning post, outfitted with custom molded flip-up bolster seats and a 74-quart Engel cooler beneath, and the optional T-top. These features alone set it apart from its little brothers. Add a few options and this boat is ready for some coastal fishing, while still maintaining the comfort and space needed for family and social outings. Go ahead and call your fishing buddies now!

SPECIFICATIONS

LENGTH OVERALL	23'8" / 7.2 m

19 DC
DUAL CONSOLE

OUTBOARD POWER WITH OPEN LAYOUT

Do you love the open layout you get from a traditional deck boat but miss the full windshield of a standard bowrider? With the 19 DC, you get the best of both. It has all the interior room and storage space of our very popular 19 SC Deck Boat, but incorporates a full windshield to shield your passengers from the wind. Like other STINGRAY models, the 19 DC features deep cockpit and bow areas for extra safety and security when underway. STINGRAY deck boats feature outboard power for ease of maintenance and large swim pods flank each side of the engine to make boarding a breeze.

HERITAGE IN MOTION

Built on Legacy. Driven by What's Next.

Since 1979, Stingray has been driven by a passion for building exceptional boats. What began with two molds and a small team of craftsmen has grown into generations of unforgettable moments on the water.

Today, that same pioneering spirit is fueling an exciting new chapter. We're building on everything that makes a Stingray a Stingray, while pushing forward with fresh ideas, thoughtful innovation, and an unwavering commitment to the boating experience.

Our heritage runs deep. Our momentum has never been stronger. And the best is yet to come.

50 YEARS ON THE WAY TO

Since 1979

IN THE MAKING

Built on experience. Refined for today.

1979
Stingray begins in Hartsville, South Carolina.

1981
A 1,804-mile Mississippi River journey earns a Guinness record.

1991
Z-Plane hull design patented.

2004
Mercury Marine Certified Manufacturer status.

2025
Chad Helms becomes President.

2029
Our 50th anniversary. More memories ahead.

THE WATER IS ALWAYS MOVING. AND SO ARE WE.
